Our mission

Our mission is to ensure animals have a good life by rescuing and caring for those in need, by advocating on behalf of all animals and by inspiring everyone to treat them with compassion and respect.

Our vision

A world where all animals are respected and treated with kindness and compassion.

Why support the RSPCA?

We are a charitable organisation and rely on the support of individual donations to do what we do. All the money donated to us is put towards our day-to-day costs.

In the summer months we rescue an abandoned animal every hour.

In 2021 alone, we received over 1 million calls from the public to our cruelty line, that's 1 call every 32 seconds!

We're open 
**365 DAYS
A YEAR**

We have approximately 408 frontline rescuers working all hours of the day and night.

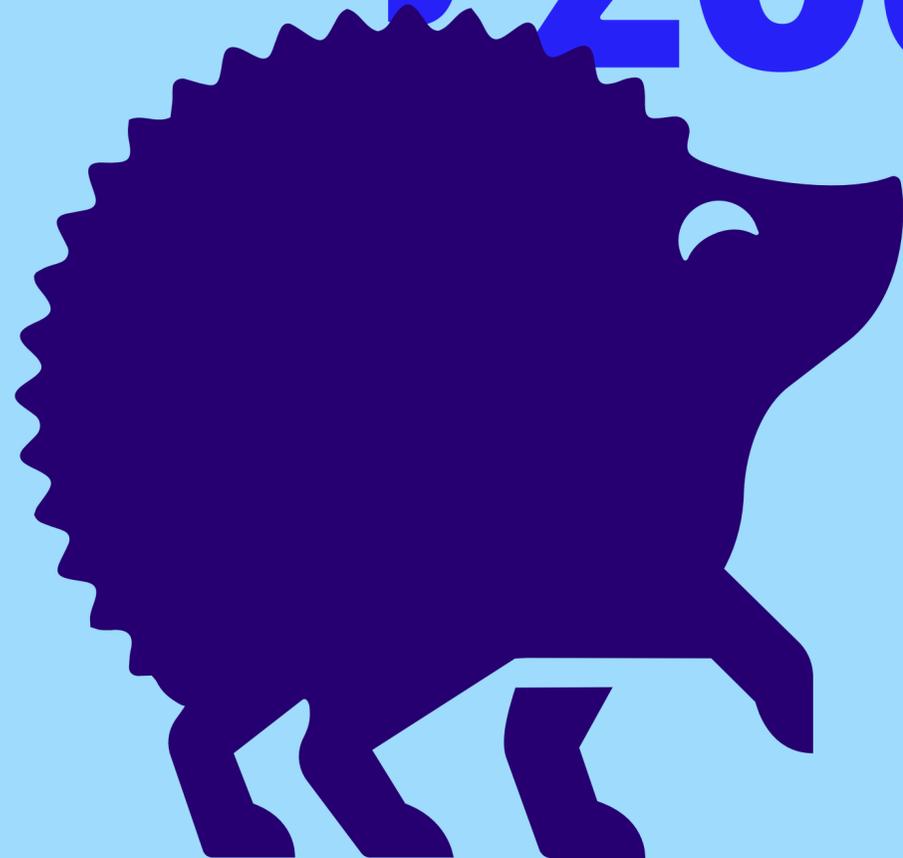

We work tirelessly and endlessly to stop animal abuse and abandonment, making sure every animal is treated with kindness. We need you and others like you to fundraise, donate and raise awareness through your communities.

Your support will mean:

- ▶ We can stop animal cruelty before it happens
- ▶ We can continue to save animals who are abused, neglected or abandoned
- ▶ We can reach more members of the public, who can help us save more animals by sharing our vision and educating their friends and families about our vital work
- ▶ We will be one step closer to achieving our goals for a kinder world where all animals are respected and treated with kindness and compassion.

Our bold ambitions to achieve by 2030

- ▶ Reduce animal neglect and cruelty by half
- ▶ Stop illegal puppy and kitten trading
- ▶ See more than half of all UK farm animals reared to RSPCA welfare standards
- ▶ End severe suffering for animals used in science
- ▶ Secure legal protection for animals
- ▶ Establish an Animal Protection Commission
- ▶ Achieve statutory powers in England and Wales for RSPCA inspectors
- ▶ Secure a UN declaration for animals
- ▶ Inspire a one million-strong movement for animal welfare by 2030

How to host a charity live stream for the RSPCA

Stream theme ideas

- ▶ Does the game you play allow you to have an animal companion?
 - ▶ Can you make custom companions?
 - ▶ Why not let your audience choose what your companion looks like and change it when the next milestone is reached?
-
- ▶ We all love our animal companions. So why not have a digital photo wall where every supporter can also send a photo of their pet, which you can add to your 'pet wall'.
 - ▶ Gather your streaming friends for a team fundraising event. Set your stream times and slots as a team or choose a fundraising month where you raise vital funds and awareness for the RSPCA.

Live streaming best practice

Here are a few good practices we wanted to highlight for you (Mainly for Tiltify and Twitch)

Spread the word! Publish your Tiltify fundraising page and promote it on social media – the longer it's in the public eye, the more time people have to donate, support, help promote and get ready for the big event!

Set your target When starting a fundraiser, it's a great idea to set how much you aim to raise. This gives you and your community something to work towards. Set it to something you know you can realistically achieve – and if you go beyond that, set a new target as you go!

Here are a few good practices we wanted to highlight for you (Mainly for Tiltify and Twitch)

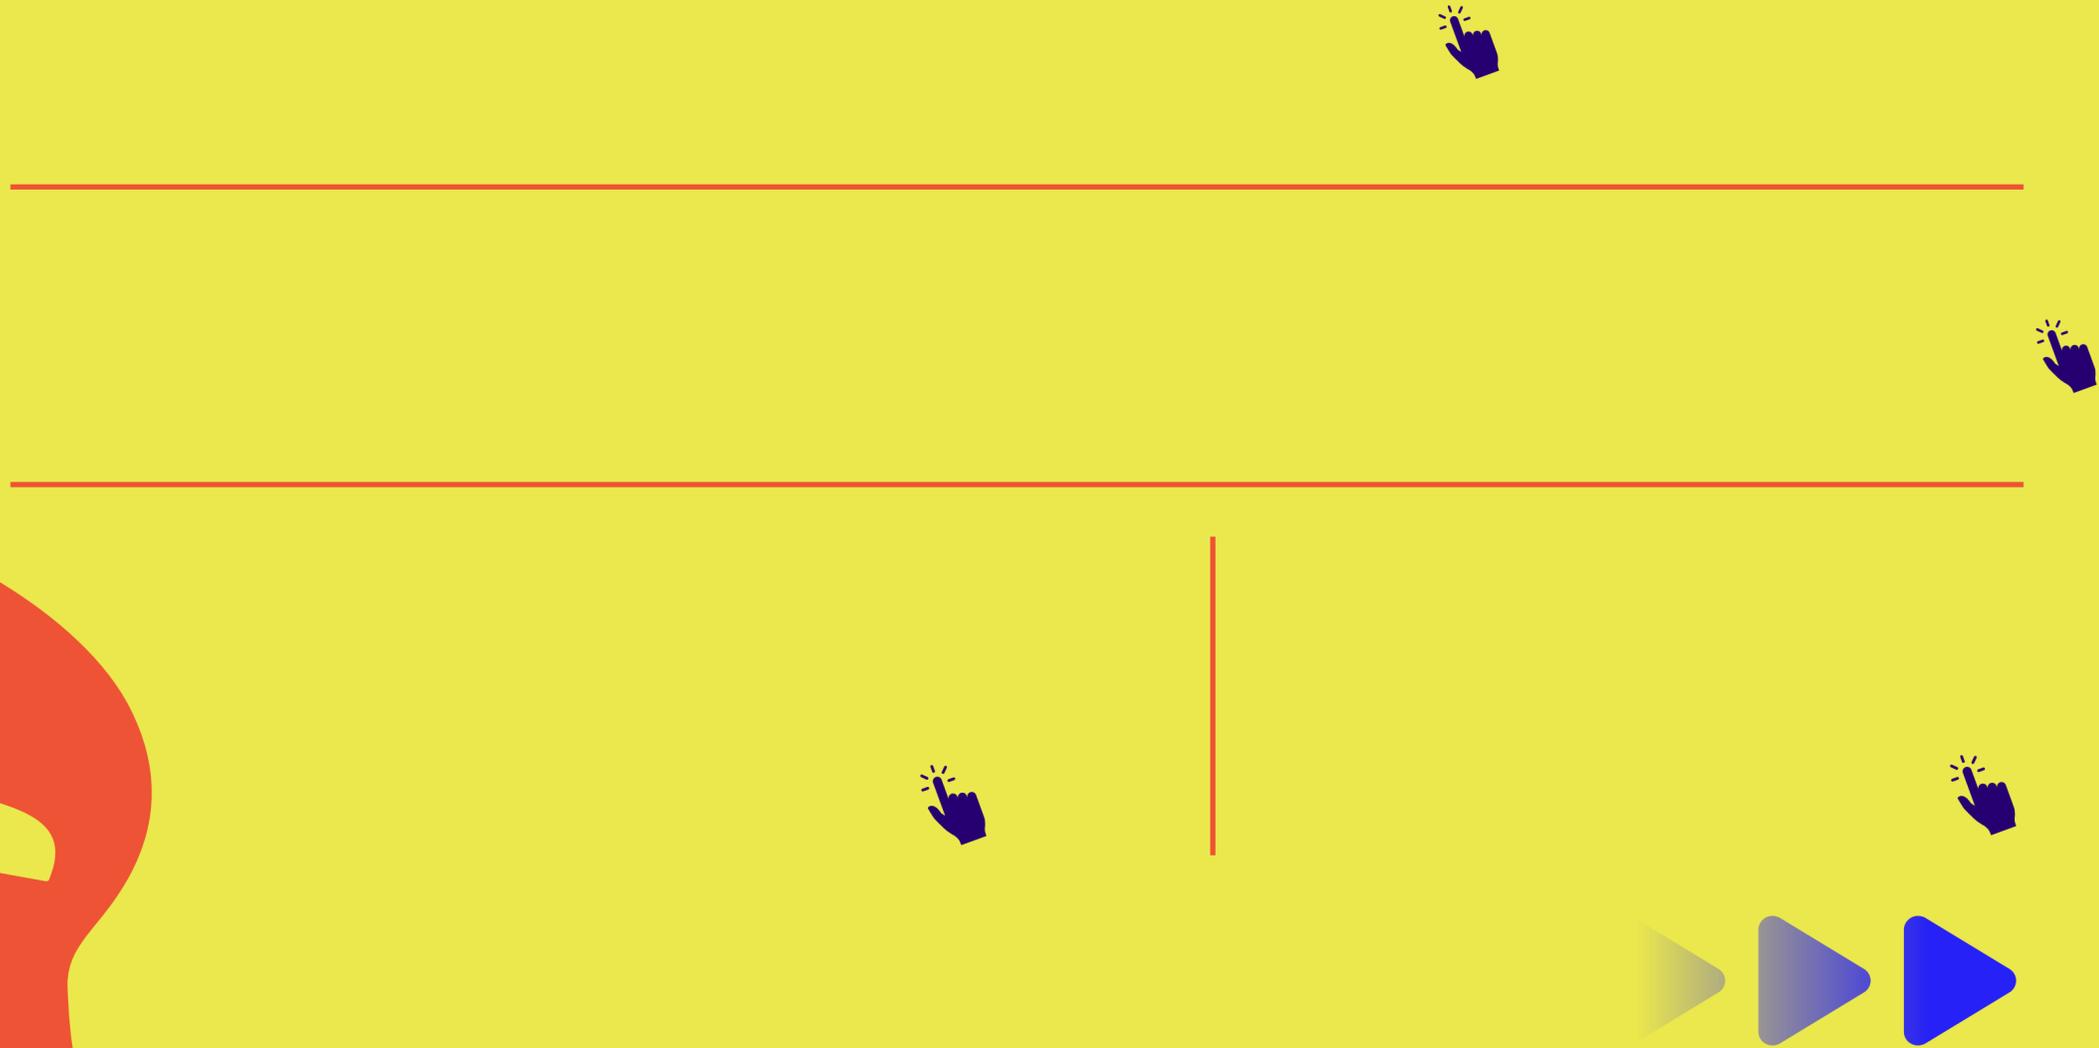

Milestones are a great way to engage with your audience and do something fun when you achieve your first £50, £100, £500 and beyond! These are mini-targets you can set up on the road to your overall target.

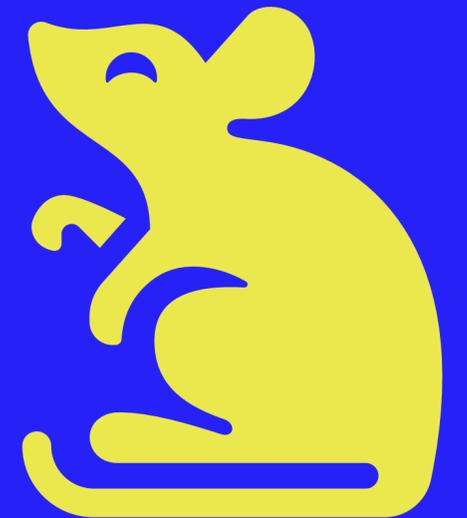

Chat commands Sometimes we can get caught up in all the fun and forget to share the links we want our communities to engage with. By setting up chat commands, you don't have to worry about posting them manually and simply put in the command needed to prompt the Twitch automated chat.

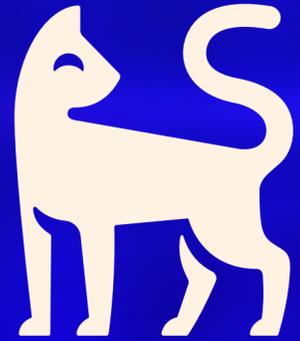

Connect your Tiltify fundraising page to your Twitch stream so your community can see your milestones as they're watching.

Our top tips for safe streaming

-  **Block, report and mute people** who bully, spam or troll you while playing video games
-  **Take regular breaks** if you're playing or streaming for longer than an hour
-  **Don't share** any personal information with people in games
-  **Check the age limit** of the games you decide to play
-  **If you're under 18**, you'll need permission from your parent/guardian to take part
-  **If gaming or streaming is no longer fun**, you're feeling stressed or you're concerned you might be addicted to gaming, please read **Childline's Online Gaming Advice**  and tell a trusted adult.
